Little Moments
Big Magic

When you're part of something Big,
you're part of
a bigger picture

With 100 years of momentum, we have a renewed focus on growth and a renewed commitment to **bringing our life-changing program to every child who needs and wants it.**

Be part of the power of the match.

The power of Big Brothers Big Sisters "match" lies in the friendships we facilitate. A first ballgame, a heart-to-heart talk, or a milk-through-the-nose laugh might not seem earth-shattering, but the power of that moment can be life-altering and truly part of something Big.

Be part of the magic.

Each of us remembers the adults, other than our parents, who brought a little magic into our lives.

Every single child can benefit from the additional caring and insight a "Big" offers, and the value their shared experience creates.

Every volunteer Big brings something to the table. A caring adult sharing everyday experiences with a child is the core premise on which we were built and based. Whether delivered through our community or site-based programs, each match holds promise. Each match makes magic.

Be part of the nation's leading youth mentoring organization.

On city streets or country back roads, **our name is synonymous with one-to-one youth mentoring.** Behind this name are the many professionals who have developed, refined, and now deliver this premier system to recruit and screen candidates. Our professionals match Littles to Bigs, support these safe relationships with skill and compassion, and pave the way for lifelong friendships that create lifetime memories.

Little Moments. Big Magic.™

The impact of our program is big: a landmark study confirmed that children are more likely to excel and make better choices in their lives when they have experienced the quiet power of a Big Brothers Big Sisters match.

Little Brothers and Little Sisters are much less **likely to skip school** and much less likely to start using alcohol or illegal drugs.

Be part of the bigger picture.

Parents and guardians put their trust in us as they place their children in our programs. Teachers bring forward potential Littles. Principals and educational administrators value our involvement. Volunteer Bigs give their time and energy and, in doing so, find they get as much back as they give. **Skilled, talented staff create and support quality match relationships. Generous donors support our organization and its expansion.** Partners share our ideals and believe in our vision.

Our momentum is powered by all these individuals in the bigger picture. **Big Brothers Big Sisters is moving boldly forward, and we invite you to join us, ... be part of something Big.**
